COASTAL ELEGANCE, OCEAN VIEWS FROM HAMPTONS RETREAT

Relaxed Long Island sophistication is channelled throughout the stunning interior of this Hampton's inspired residence on Palm Beach's blue-chip beachfront address of Jefferson Lane.

Architect-designed, master built and integrated with dual living capabilities, the near new home spans 50 squares across two stunning levels where it captures cool sea breezes and ocean views from a dual frontage block.

Understated coastal elegance is rendered through neutral tones, textured finishes and quality materials from ashen floors, plantation shutters and a gas fireplace with stone cladding to white cathedral ceilings that soar three metres high. Open, light-filled spaces upstairs flow seamlessly beyond the kitchen, living and dining space to a vast covered balcony with ocean views. The rear wing accommodates two bedrooms with walk-in wardrobes, a bathroom and powder room, and the luxury parent's retreat with a dressing room and ensuite.
